

LATE CITY NEWS FOUND

By the Reporters on Their Round of the Town.

Our Heavy Tax Payers--Presbytery--Court Docket--Other News.

New Notaries.

The following have been appointed notaries public for Oregon by Governor Penoyer: F. M. Miller, Lebanon; J. I. Stungill, Baker City; Joseph Groll, East Portland; Barclay Jennings, Butteville, Marion county.

A New Incorporation.

Articles of incorporation have been filed with the secretary of state for the Polk County Land company by H. Hirschberg, John J. Daly, I. J. Lee, F. E. Patterson and D. W. Sears, incorporators: capital stock, \$2,500, divided into 25 shares of \$100 each; object, to conduct a general real estate business, with the principal office at Independence, Polk county.

A New County Road.

The citizens of Salem Prairie are moving in the matter of a county road from a point near the penitentiary south to intersect the Salem and Turner road near Gov. Mealy's place. Mr. Simpson has consented for the road to be located across his land, the petitioners or county only paying for the land occupied at the same rates he purchased the lands for several years ago.

Must Cut Down Expenses.

The levy of 12 1/2 mills for county purposes, as decided upon yesterday by the county commissioners will prove insufficient. It will fall short nearly \$3,000 of the actual expenditure of the county last year. This year the total assessment is but \$5,889,273, and is nearly \$600,000 less than that of the assessment of 1887. The expenses of the county last year were \$7,411. It would seem the commissioners are wisely admonishing that economy be practiced.

The True Situation.

Regarding the smallpox at McMinnville yesterday's Yamhill Reporter said:

Andy Ennis, a smallpox patient, died at the pest house Sunday afternoon. He was buried that night.

Wednesday another child (boy) of Chas. Bodley's broke out and was taken to the pest house.

Thursday Frank Dymun was taken down and also removed to the pest house.

Mrs. Morgareidge and child, of Dayton prairie, were taken down Thursday.

Room for Many Here.

The appended paragraph is having its round of the western press and is published with the view to pointing a moral. What is done in this line in New York can, and in days to come, will be done in the Willamette valley. We are but just beginning to learn what can be done here in the fruit line. Here is the article referred to: "Within forty miles of Rochester, N. Y., there are more than 1,500 fruit evaporators, from the small farm house dryer, of a capacity of twenty-five bushels a day, to the large steam evaporators, drying 800 to 10,000 bushels of apples each twenty-four hours. These evaporators give employment during the autumn and early winter months to at least 30,000 hands, who average from \$5 to \$12 a week, according to experience and usefulness."

Penitentiary Particulars.

The state penitentiary at present, Superintendent Downing this morning informed a JOURNAL representative, contains 252 convicts. This is about the usual number, although last March there were but 242, while in July there were 274. Now that the time has come for holding circuit court in the various counties a "boom" may soon be looked for at the state institution. Already the tide has set in, and yesterday noted the arrival from Baker county of two accessions.

It is a noteworthy fact that among this large number there is not one woman. Until recently, there were two, but their sentences having expired, they were released last April. Among the number are but seven colored men. This is indeed strange for a large per cent of our eastern convicts belong to that race. This anomaly is accounted for by the fact that there are so few colored men in the state.

The entire force, save those who are employed in the kitchen, dining room and laundry, are engaged in the iron foundry. Sixty complete shovels a day is the output.

Searing the End.

At last the end of the Osborne cases begins to make its appearance. Out of nearly a dozen cases in all but two survive, the remaining ones neither having been dismissed, withdrawn or adjusted in some manner. Osborne has withdrawn his guardianship papers, leaving the children in the custody of Mrs. Osborne, while she has dismissed the suit binding him to keep the peace. The one unanswered charge is that against Osborne for opening his wife's mail.

The Wheat Market.

In Salem wheat is nominally at 70 cents, but there are neither many buyers nor sellers. Everybody seems to be waiting for the navigation season to begin, when it is expected wheat will command a good price.
